SENIOR FRONTEND DEVELOPER SUMMARY

- Frontend developer with over 4 years of experience creating responsive and exceptional UX web applications using React and Next Js.
- Proficient in HTML5, CSS3, JavaScript and React to build dynamic and interactive web applications.
- Strong experience in developing web applications with React, Next.js, Redux and Redux Tollkit to create scalable and maintainable code.
- Familiarity with RESTful APIs, AJAX, JSON, and other data interchange formats and Knowledge of cross-browser compatibility, web standards, and accessibility guidelines.
- Ability to work collaboratively with cross-functional teams, including designers, and product managers.

WORK EXPERIENCE

NOW SOFTWARE
FRONTEND DEVELOPER
December 2023 - Present

As a seasoned Frontend Developer at Now Software, I've worked on innovative projects, including a web portal for mobile top-ups and gift cards, featuring add-to-cart and seamless payment integration with credit cards and PayPal. I specialize in React, Next.js, Tailwind, Bootstrap, and Material-UI. My expertise extends to Redux for state management, Jest for rigorous testing, and integrating RESTful APIs. With a keen eye for detail, proficiency in Git, and adeptness in collaborative workflows on GitHub, I consistently contribute valuable skills to Now Software's team.

FORBMAX
FRONTEND DEVELOPER
December 2022 - November 2023

As a former Frontend Developer at Forbmax, I excelled in crafting dynamic interfaces with expertise in React and Next Js. My focus on user-friendly designs and optimal performance ensured engaging web experiences. I contributed to successful project outcomes through effective collaboration. Additionally, I trained team members, actively participated in code reviews, and upheld high-quality standards with attention to detail.

MEVETO
FRONTEND DEVELOPER
June 2020 - November 2022

During my tenure at Meveto, a prominent US based cyber-security company, I excelled in HTML, CSS, SCSS, Tailwind CSS, JavaScript, React, Redux toolkit and RTK Query. I built and enhanced features like the subscription module and user dashboard.

EDUCATION

NATIONAL UNIVERSITY OF MODERN LANGUAGES (NUML)
SOFTWARE ENGINEERING

I have completed 16 years of formal education. My major was Computer Science and Software Engineering.

SKILLS

HTML
CSS
JavaScript
React
Redux
Next.js
Tailwind CSS
Git
Responsive design

INTERESTS

Playing cricket and football with friends is always fun, and I enjoy watching cricket matches whenever possible. My favorite food is finger fish, and I love to travel to natural places when I have the chance. One trip that stands out in my mind was to Murree Hills with some close friends. Hiking through the beautiful forests and taking in the breathtaking mountain views was an unforgettable experience.
